STATEMENT -CONTENT BIO BASED MATERIAL IN THE OASUS WATER BOTTLES

Our OASUS water bottles can be produced in different colours and in different colour combinations of: bottle body, drinking cap, closing cap & strap. According to the statements of our raw material suppliers and our present knowledge, depending on this color combination, the content of bio-based material in the whole product is between 91.6% and 94.4%.

Dipl. ing. Irena Vujanovic

A handwritten signature in blue ink, appearing to read "Irena Vujanovic", with a long, sweeping flourish extending to the right.

/Compliance & Regulatory Affairs Officer/
